

“Children are very happy and greatly enjoy the setting”

“Staff provide interesting and varied learning opportunities based on the children’s individual needs and interests.”

INSPECTION SPRING 2011

The early years of a child’s education are of the utmost importance and we are privileged to be trusted with giving your daughter the best possible start.

Our excellent staff to pupil ratio enables your daughter’s teacher to get to know her as an individual and help her to develop confidence and enthusiasm for learning in superb surroundings.

Your daughter will have the opportunity to develop her skills in all areas of the Foundation Stage curriculum within a caring and supportive environment.

She will be able to participate in a range of activities from using an interactive

whiteboard, visiting our extensive library, to developing physical co-ordination through outside play and ballet.

We look forward to meeting you and finding out about your daughter and her individual needs and interests. We would be delighted to show you our learning community at work and play and give you the opportunity to see, at first hand, the happy, fun and purposeful atmosphere.
