

Year 5 Match Write up 16/06/21

After 15 months of no matches, our first match was an away match at Broughton Manor. On the way there everyone was bursting with excitement and couldn't wait for the match to start. The team started off batting and we had some flying hits out which scored us lots of points. While the A team was playing one of the B team members bowled the ball and hit a member of staff in the face.* Meanwhile the A team moved onto bowling and fielding, these were the 2 things that we need to improve on. With bowling we need to make our over arm bowling more accurate so we don't get lots of wides. While fielding, I noticed that we need to work on catching the ball when it is coming from a height and retrieving the ball quickly. The B team found bowling the hardest and thought they needed to improve by getting their bowl not going wide. Lucy T, from the A team, said 'Batting was our strength because lots of people were hitting the ball out and getting us 6 or 4 runs. The A team star was Mollie M who was asked if she had super powers or magic juice in her water bottle and she got two 6 runs and lots of 4s. The B team didn't do star player but the pair who got the most runs were Rithika and Amelia. The overall scores were, for the A team 260 for Northampton High and 272 to Broughton Manor. The B team lost as well by 22 runs but it was so fun and enjoyable. I am delighted that we had lots of fun and a really nice tea!'

* Don't worry, the teacher is ok.
